IN NORWICH FIFTY YEARS AGO

Fifty years ago this week the horticultural society, at an adjourned meeting elected Dr. E. C. Kinney as its president and C. C. Corbett as secretary. The same week Major B. P. Learned was elected a member of the board of education of the Central district to fill the vacancy caused by the resignation of W. H. W. Campbell.
The week as a whole, was a quiet one in Norwich. Extracts from the files of The Bulletin of April 1872 are as follows:
Monday, April 15, 1872—Breed hall was crowded at the temperance meeting last night. B. W. Tompkins presided and addresses were made by the Rev. J. P. Hubbard of Westerly, the Rev. W. I. Gage of Hartford and the Rev. E. J. Haynes, formerly of this city. The addresses were deeply interesting.
The steamer Eastern Queen, chartered by the Norwich, New York Transportation company to run a line, made her first trip to this city Saturday morning.
The frame building on Laurel Hill in process of erection, was considered in danger of demolition by the high wind yesterday and a force of carpenters was busy for a half an hour securing it.
Saturday, Police court. T. S. Drunk. Three dollars and costs. Juvenile.
Tuesday, April 16, 1872—The Hartford Post calls attention to the fact that by a recent act of congress, members of the Fourth and Fifth regiments, C. V., who have heretofore been deprived of \$100 bounty by the ruling of certain military authorities, are now entitled to receive it.
Miss Louise Jackson, who for several years past has had charge of the Infant department in the Broadway Sunday school, was on Sunday last presented by her class with a handsome amethyst ring as a parting memento, she being on the point of leaving the city. Her associates, teachers in the school also presented her with an elegant Bible.
The volunteer made a very successful first appearance last evening under the auspices of the Seaside Post, No. 1. The various parts were well taken. Miss Isabelle Graves was very warmly received by the audience, who expressed their appreciation of her recitations by an enthusiastic encore.
Wednesday, April 17, 1872—At the adjourned meeting of the horticultural society, the following officers were elected—President, Dr. E. C. Kinney; vice president, J. M. Buckenham; E. W. Williams, George Pratt, J. L. Denison, W. H. Park, T. Y. Winship, W. P. Greene, A. R. Hall, W. H. W. Campbell, James Jennings; secretary, C. Corbett; executive committee, Robert Revell, John Turner, J. B. E. Fuller, J. P. Avery.
At the last meeting of the board of education of the Central district, Major B. P. Learned was elected to fill the vacancy caused by the resignation of W. H. W. Campbell.
The second presentation of The Volunteer by Seaside Post No. 1, drew a large audience than was present on the first evening. The performance was far more successful and for the remainder of the evening we count upon very creditable recitations.

The best hay brings \$40 a ton.
Saturday, April 20, 1872—The new roof on the Greenville school house is nearly completed.
A number of sheep and lambs owned by William Rogers on the Salton turnpike were badly bitten by dogs yesterday morning.
A town meeting will be held in Preston at 9 o'clock this afternoon to divide the town into districts.
The officers of the Third regiment meet in New London today to elect a lieutenant-colonel in place of John T. Fanning, resigned. Charles Tisdale and Frank Henderson have been elected first and second lieutenants in Company C in place of Lieutenants Kelly and Kinney, resigned.
The ball clubs of the city have commenced for the season. They are a little rusty now but hope to do better by and by. As it is residents in the vicinity of the playgrounds are obliged to have their spring overcoats made of boiler iron.

At 4:15 o'clock the same afternoon A. J. Brundage of Storrs Agricultural college, state club leader of boys' and girls' clubs, spoke of his work at the clubhouse to the members of the Junior League of the Village Improvement association. The Juniors were interested in plans for flower gardens made by and taken care of individually. Mr. Brundage offered plans and suggestions to add them in their work and suggested the types of flowers considered advisable. They decided on a garden of as many as eight varieties of plants.
